## Travel tips

---

- As far as possible take the least amount of wrappers, cans or glasses and please, let's return home all the inorganic waste that we carry in our backpack «if you carry it in your backpack, you can return in your backpack»
- Please do not leave trash in the desert and I hope we don't leave trash in the cabin.
- Be previously vaccinated against yellow fever and tetanus.
- Don't bring items that are typically used by the military (i.e. camouflage clothing).
- Don't bring or take toxic, psychoactive or hallucinogenic and alcoholic substances.
- Don't bring jewelry or valuables - Rolex watches and Cartier earrings; please leave them at home!
- During the trek, don't separate from the group and don't remain alone at any time.
- Bear in mind that we will be staying in a very remote place and our hosts will do everything for us as best as they can, given the local conditions and culture.
- We want that during our visit to these remote, remote and often forgotten territories, all: guides, coordinators and tourists, we contribute to the economy of these regions and small towns, buying in the stores, bakeries and restaurants, their products and merchandise (such as sweets, chocolates, soft drinks, sweets, fruits, etc.) and acquiring local handicrafts. It is a small support through which we include these communities in the tourism value chain. If you like to consume very sophisticated foods or special diets (almonds, sugar-free chocolates, dried seeds or dehydrated fruits, for example), which you will not be able to get in the shops of the villages, we recommend you take them with you. Thank you for joining this initiative, this is called sustainable tourism!
